

CHEVRONS
LIVING

Enriching older lives through independent
living in a community environment.

Our community of people is what makes Chevrons truly special.

Chevrons Living supports retired people to continue to live life to the full, through purpose-built accommodation and living spaces designed to help you thrive.

Built and designed for those who have served, life here is a blend of modern community living with a military design-twist.

You'll have access to luxurious living spaces, including a bar and dining area, and the chance to soak up the sun in the garden or head out on adventures with your close-knit community.

Situated on the edge of the New Forest, with abundant outdoor escapes on your doorstep, we hope that Chevrons will feel like home or, perhaps, even better than home.

We can't wait to welcome you and for you to experience our wonderful, vibrant community. Call us on 01425 200428 to arrange a viewing or email info@chevransliving.com.

YOUR ROOM

Chevrons has 10 beautifully designed studios - all with double beds and some with separate living areas. All our accommodation is en-suite and comes with wardrobes, beds, furniture and small kitchens or kitchenettes. Our ground floor rooms come with their own patio area - you'll feel right at home the moment you move in.

BE PART OF OUR COMMUNITY

Our community of people is what makes Chevrons truly special. Whether it's having someone to chat to while you're enjoying breakfast or playing a quiet game of bridge in the afternoon, there's a community here that is enriching for our residents.

Our spaces are designed with connection and togetherness in mind. The communal bar and lounge are perfect for playing games, having a cup of tea and a chat or painting and crafting with your new-found friends.

Stunning, high quality living accommodation.

LIVE WELL

You'll sit down every morning to a healthy and nourishing breakfast at Chevrons, included in your monthly rent, that sets you up for whatever the day might hold. We make every effort to cater to any allergies or intolerances you might have.

When you don't feel like cooking, you can book lunch and dinner in advance at our restaurant for an additional charge.

Our well-stocked bar is self-service, with an honesty box for you to pop your payment into, so you're never restricted to opening or closing times when something takes your fancy.

MEET LIKE-MINDED PEOPLE

If you're looking for a little adventure, our Escape Committee organises regular trips and outings. Fishing trips, walking tours, craft events and choirs – you can contribute ideas for trips and collaborate with your like-minded neighbours to help us build a living space for the wise-in-mind, but young-at-heart.

Our location in the heart of Fordingbridge means that you'll feel part of the wider community too.

SPACE FOR YOU

We have a dedicated private room for our residents that can be booked so you have access to a convenient space for any appointments you want to make that require a home visit.

It could be a visit from the doctor or a solicitor, a physio or your hairdresser.

ENJOY THE OUTDOORS

Relax on a bench with your book in our beautifully landscaped garden or sit and watch the wildlife visit throughout the year.

The garden has a dedicated BBQ area for long summer evenings where you can sit, enjoy a drink from the bar and build the sense of camaraderie that makes living here so special.

If you're looking to live your senior years to their fullest, then book an appointment to come and visit us.
